

The Secretary
Friends of the Pinnacle

As a member of the Fotpin group in accordance with Section 20 of the Management Rules of the Friends of the Pinnacle I request that a general meeting be convened in order to confirm that FOTPIN is and intends to be a Volunteer Parkcare Group in the ACT as defined by the ACT Natural Resource Management Plan and the Parks, Conservation and Lands Volunteer Policy and to determine a management strategy which is run by and involves the whole membership.

To this end I propose the following motions to be considered at the meeting.

1. That this meeting confirms that FOTPIN is a Volunteer Parkcare Group as defined by the various strategies and policies of the ACT Government.
2. That this general meeting directs the Management committee to write a constitution, for FOTPIN, which appropriately defines FOTPIN'S aims and policies in terms of it being a Volunteer Parkcare Group for the Pinnacle drawing on information from relevant government documents and other parkcare groups in the ACT. This document to be presented for acceptance and approval at a general meeting to be held within two months of this meeting.
3. That this meeting directs that the management structure of FOTPIN places the FOTPIN membership at a general meeting as having the power to determine policy, and the activities of the group with an elected committee carrying out the meeting's wishes, providing management coordination and being directly responsible to the general membership.
4. That this meeting directs that the management committee as a matter of urgency organises a number of meetings with the FOTPIN membership in order to determine the groups aims, activities, priorities and how all members may be involved in parkcare activities.
5. That this meeting directs that all weeding and related activities be suspended until the FOTPIN membership decides on its activities and plans and decides how it will be fitted in to the these activities and plans.

Thank you. I will await the information on the time and place of this meeting.

Please send me a list of members and their addresses so that I may contact them and explain my reasons for taking up their time with this meeting.

Best regards,
